the drug problem has reached epidemic levels in this country with americans spending approximately 50 billion a year to buy them it is the most serious internal crisis we ve faced since the civil war until now no book or document in america has set forth a detailed step by step plan for solving the nation s drug problem the phoenix solution getting serious about winning america s drug war does just that it is a controversial breakthrough book written by vincent bugliosi the nation s foremost prosecutor the phoenix solution offers not only a startling analysis of current drug policy but an actual blueprint for bringing the crisis to an end bugliosi takes a hard look at the common assumptions about drugs and drug control that are the basis of our national policy in the process he reveals some astonishing facts about the inept techniques that have been used to fight the war on drugs finally he gets to the heart of this book the revolutionary programs that we as a nation must adopt if we are to defeat this epidemic which has already claimed millions of lives bugliosi outlines two separate original approaches to drug control that promise to bring us victory within a year

as guerrilla groups sprouted up across mexico in the early 1970s the military and police routinely resorted to extreme acts of violence including the systematic use of torture in the last door gladys mccormick provides the most thorough account of how torture became a crucial and routine practice of the mexican government s war against subversives drawing from extensive oral history interviews and declassified government documents the reader is taken through experiences of arrest torture and detention in which forced disappearances became all too common and advocates for justice rallied around political prisoners torture was not always about extracting information it was also about inflicting punishment on a faceless so called enemy and instilling terror into advocates of social change as mccormick argues torture became a quotidian practice of state making in mexico during the 1970s leaving individuals and their families forever changed the lack of repercussions for government officials notorious for employing torture even in spite of a growing movement for truth and justice has led to entrenched impunity that

is endemic in Mexico as its contemporary security crisis continues

This proceedings volume chronicles the papers presented at the 35th CIB W78 2018 conference in design construction and management held in Chicago, IL, USA, in October 2018. The theme of the conference focused on fostering, encouraging, and promoting research and development in the application of integrated information technology throughout the life cycle of the design, construction, and occupancy of buildings and related facilities. The CIB International Council for Research and Innovation in Building Construction was established in 1953 as an association whose objectives were to stimulate and facilitate international cooperation and information exchange between governmental research institutes in the building and construction sector, with an emphasis on those institutes engaged in technical fields of research. The conference brought together more than 200 scholars from 40 countries who presented the innovative concepts and methods featured in this collection of papers.
